BOOK SYNOPSIS

A definitive guide to the clinical assessment, management and prevention of plant poisoning in domestic animals. Accurate Identification of plant materials through the use of 253 high quality color illustrations placed as needed throughout the text. Organized into sections according to the animal symptoms with specific descriptions of the toxins involved and their modes of action. Geographic location maps are provided which highlight the distribution of specific plant material within North America. The title is extensively referenced and includes a functional glossary of botanical terms for the convenience of the user. This durable physical presentation makes it an optimal field reference guide. Published by Teton New Media in the USA and distributed by Manson Publishing outside of North America.
