## BOOK SYNOPSIS

Create a little garden paradise in every corner of your home and enjoy its beauty year round. The designs and instructions here show how to assemble your indoor garden from plants purchased at a nursery or grown from seeds, rootings, or cuttings. Photos illustrate the basics--plants, potting techniques, containers--and provide endless inspiration. Watch a water garden grow in a punchbowl or experience the power of nature with a mini-forest of bonsai. Tend a small salad garden or one with culinary herbs and cook with its fresh-picked bounty. Recreate the Hanging Gardens of Babylon...right on a tired cake plate! Your house will turn into a veritable Garden of Eden.
